

Processing High-Volume APS Summaries Benefitting Underwriters

The Inscribe Impact

– A Case Study

inscribe

Executive Summary

By harnessing our deep expertise and cutting-edge technology, we helped a leading insurance provider transform their underwriting journey with passionately crafted, scalable APS summaries, profoundly uplifting their path to operational excellence.

Challenges faced by the Client

The client, a premium medical record retrieval and summary services provider, supports the Insurance Industry across the US. They faced a critical bottleneck in efficiently generating APS summaries for the Insurance providers.

APS summaries give concise and clear medical history overviews that are crucial for underwriters to assess risks associated with insurance offerings accurately and quickly.

However, the client needed a solution that could also guarantee:

Speed:
Timely delivery of summaries within a 48-hour timeframe.

Accuracy:
Flawless information extraction and presentation.

Confidentiality:
Strict adherence to data privacy regulations.

Scalability:
Ability to handle large volumes of records consistently.

Expertise:
Navigating diverse templates, illegible scans, and complex medical terminology.

Inscribe's Solution

Inscribe met these challenges head-on with a comprehensive approach:

Secure Cloud Storage

Leveraging our proprietary APS summary tool, all files were securely stored in the cloud, ensuring authorized access only.

Experienced Team

With the support of paramedics and doctors, Inscribe's team of qualified individuals brought deep medical knowledge and experience to the table, effortlessly handling complex terminology.

Process Optimization

Existing quality assurance processes ensured accuracy and consistency in every summary.

Scalability Advantage

With over 20 years of experience, Inscribe has the infrastructure and expertise to recruit and train new resources for the project and seamlessly handle high volumes.

Template Mastery

Dedicated team leaders and second-line leaders quickly mastered the biggest challenge of handling diverse templates, efficiently guiding the summarization process.

Impact and Results

Inscribe's solution delivered significant value to the client and the insurance underwriting process:

500,000
Pages Per Month

High-Volume Processing:
Inscribe consistently handles 500,000 pages of medical records monthly for the client, ensuring swift and efficient service.

150
Reviewers In-House

Enhanced Underwriter Productivity:
With readily available, accurate summaries, underwriters could make informed decisions faster, leading to increased productivity.

48 hours
TAT

Minimized Review Time:
Reduced reliance on lengthy medical reviews resulted in faster claim processing and improved turnaround times.

40%
Reduction In Cost

Cost-Effectiveness:
Streamlined processes saved the client substantial time and money, translating into improved operational efficiency.

Empowered Lifecare Planning Companies:
Access to quality summaries enabled lifecare planning companies to present cases directly to carriers without needing in-house underwriting resources.

The Inscribe Advantage
